

## 1. Summary

As of this week, we have canvassed in every ward in the city. In total we have knocked on 111,003 doors and completed 10,321 surveys thus far. We have collected approval from 8,830 respondents that are willing to share statements about the project. We have collected over new 7,675 cell phones and/or emails.

We updated our schedules based on daylight savings time. We are still averaging the same amount of contacts per personnel. We start exploring other methods for in person surveying. For example, we will explore more street and event canvassing. We have continued our increase collection of contact information. Our contact slightly decreased this past week. In conclusion, this upcoming week we will continue our focus on knocking 10K+ doors.

All wards have been canvassed

## 2. Key Performance Indications

### 3. Respondent Demographics

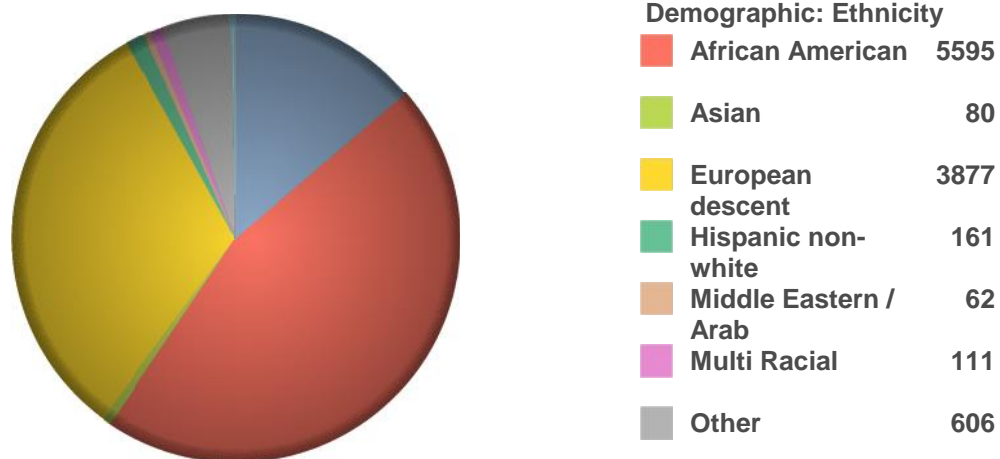

Demographic: Age

Demographic: Gender

Demographic: Ethnicity

## 4. Lambert usage & Travel frequency

Purpose of out-of-town Travel?

Visits to Airport in 18 months

Modes of out-of-town Travel?

Travel outside of St Louis?

## 5. Familiarity & Airport Operations

Familiarity w/ Project?

Yes 5630  
No 4677

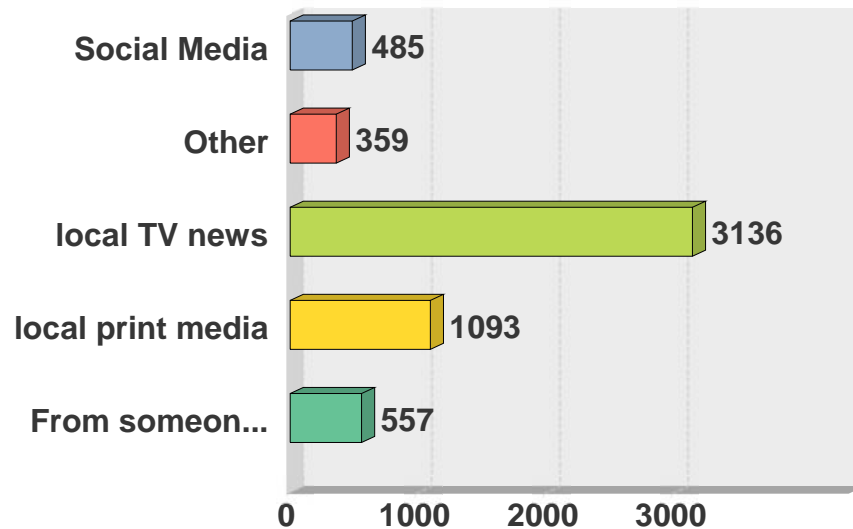

Operations at Airport are fine as they current...

Lambert Grade?

Heard about Project from?

Operations at Airport can be improved?

#### 4. Visual Summary of Responses

Principle #1: Prohibition of Sale

Principle #2: Debt Payoff

Principle #3: lease & vendor contracts

Principle #4: CBA Protection

Principle #5: Worker Protection

Principle #6: Increase Flights

Principle #7: Growth Plan

Principle #8: Prohibition against discrimination

Principle #9: Inclusion & Minority business

Principle #10: Improve Operations

Principle #11: Net Funds
